SKILLS

PROGRAMMING LANGUAGES

Java • JavaScript • SQL • PHP • C/C++

LIBRARIES & TOOLS

React.js • Next.js • Node.js • Express.js
Laravel • Tailwind CSS • HTML 5 • CSS 3
Java Swing • jQuery • MongoDB • PostgreSQL
Git • GitHub • Postman • Vercel • Bootstrap
VS Code • Apache NetBeans • LaTeX

COURSEWORK

UNDERGRADUATE

Computer Programming and Problem Solving
Data Structures and Algorithms
Object Oriented Programming
Database Management System
Software Engineering
Operating Systems
Computer Networks
Introduction to Cybersecurity

ACHIEVEMENTS

- Scored **98.76** percentile in **JEE Mains 2020**
- Cleared round 1 in **CodeKaze 2023**

CERTIFICATIONS

- Postman API Fundamentals Student Expert 
- CodeKaze 2023 
- Java - Coding Ninjas  HackerRank 
- SQL - HackerRank 

EXPERIENCE

PCUBE SOFTECHS | FRONTEND DEVELOPER

June 2024 – Present | Ahmedabad, Gujarat

- Enhanced live projects by developing web app with an impressive UI and UX using React.js, resulting in a more engaging user experience.
- Developed multiple dynamic sections for a hospital's website with CRUD functionalities, improving operational efficiency.

E-MONK IT SOLUTIONS | FULL STACK INTERN

January 2024 – May 2024 | Ahmedabad, Gujarat

- Acquired comprehensive training in PHP and Laravel, focusing on web application development, enhancing my technical expertise.
- Applied training to develop a project management app integrated with **React** and **Laravel**, streamlining project workflows.
- Implemented user registration and authentication using **Laravel/Breeze**, streamlining the setup of secure login and registration functionalities, resulting in improved user security.

TECHNOTERY | FRONTEND DEVELOPER INTERN

May 2023 – July 2023 | Ahmedabad, Gujarat

- Proficiently implemented **MERN Stack**, gaining valuable experience in modern web development technologies, enhancing my skill set.
- Created a platform for patients to view appointments, prescribed medicines, and medical tests, resulting in improved UI / UX.
- Contributed to the development of key sections like the **Landing page**, **User Profile**, **Header/Footer**, **Sign-In & Sign-Up** pages, and **Back To Top** button, enhancing overall functionality and navigation.

PROJECTS

BLOG-MANIA | Next.js 13 | MongoDB

- Built a blogging app with an interactive UI where the users can **create, read and upload blogs** as per their interests.
- Provided **Google account login** option along with traditional email method, improving user convenience.

SNAPPY | ReactJS 13 | NodeJS

- Designed and developed a web chat app using **Socket.io** for real-time communication, increasing user interaction.
- Utilized **Multiaavatar API** for profile picture options and **React-Toastify** for instant feedback, improving user experience.

EVENT PARK | Next.js 14 | MongoDB

- Created an event management application featuring a user-friendly interface, streamlining event handling.
- Utilized **Clerk** for user authentication, **UploadThing** for storing images, and **Stripe** for payment processing.

EXTRACURRICULAR

- Member of Arcadia (Gaming Club) for 2 Years
- Languages: English, Gujarati, Hindi
